GO5

One-stop-shop for Airlines Training Organisations and Simulator Manufacturers

GO5 products

GO5 proposes Standard Configuration Packages developed with Airbus latest Training Policy and Aircraft Baseline.

GO5 services

Keep your training devices consistent with Airbus' training curriculum and create the best learning environment possible. Airbus GO5's large portfolio of services allows it to receive any specific request.

Airbus SimPack

Composed of

 **Data Packages**

Airbus simulation data required to design a simulator
It is based on IATA flight simulator design and performance requirements. Aircraft design data:

- Aircraft modeling data
- Aircraft flight test data for device qualification
- Aircraft sounds & vibration data

 **Simulation Software Packages**

Software-based models reproducing aircraft system such as:

- Electronic Flight Control System (EFCS) simulation package
- Flight warning system (FWS) simulation packages
- Natural Flight Loop models: GRM, aerodynamics...
- Engine models

 **Documentation & Performance Data**

Operational data (FCOM, MMEL,...) and performance charts customized for GO5 standards provided by Navblue.

 **GO5 Hardware**

Airbus offers a full set of aircraft cockpit parts and genuine equipment:

- Major aircraft avionics
- Cockpit structures and linings
- Cockpit command panels
- Access to cockpit navigator tool

 **Training Device updates (On-demand or Subscription)**

- Training Devices are evolving quickly; we support you for all your needs in updates, ensuring that your devices are running well, integrating new components and data packages at the latest GO5 standard.
- Standard updates covered during the 5 year "Free of Charge (FOC) period". Subscription solution available beyond the FOC period.

 **Dedicated Airbus Team to support your simulator projects**

Airbus GO5 is your single point of contact for your simulation needs. As the aircraft manufacturer, we handle your tailored requirements to give you the best solution, fitted to your needs.

 **On-site support for Airbus training devices**

Airbus GO5 is your trusted partner for a smooth development and deployment of your Training Devices.

PROGRAM SUPPORTED

A220 • A320 • A330 • A350 • A380

Benefits

- + Contain 5 years "Free of Charge (FOC) period"
- + Data package accessible on dedicated eGO5 portal
- + Highest Quality & fidelity with real and new aircraft parts & equipment
- + Optimized lead time
- + Guaranteed compatibility with future updates
- + Obsolescence management and technical expertise
- + Predefined, fixed price Hardware kits for customer convenience

Benefits

- + A dedicated Airbus team to support all your training requirements
- + Cost control of updates via subscription solutions
